### Programme

6.30 a.m. - Meeting point at the valley station of Col Margherita cable car, at Passo San Pellegrino, a few kilometres away from Moena. Set your alarm and be there on time, the cable car is making a special ride, just for us!

6.45 a.m. - All on board, let's go! Sitting comfortably, embraced by the crisp air and the stillness of the night that's about to give way to a new day, the whiteness of San Pellegrino's snow-covered expanses is a lighthouse on Dolomites' majestic outlines.

6.55 a.m. - Here we are! Col Margherita always gives great emotions, whether it's winter or summer... Let's breathe in the fresh morning air and take some time to look around: Costabella summits, Campagnaccia and Uomo on one side, on the other Pale di San Martino, but also Civetta, Pelmo and many others, all the Dolomites come alive with the first rays of sunlight. The ski instructors of Moena's school will show us the summits, explaining their peculiarities and some fun facts. Then we refresh ourselves with a hot tea at the hut.

7.20 a.m. - It's time to put on your skis! Let's hook up the boots and off we go: the Col Margherita-Lago Cavia is all for us! The ski instructors will accompany us and give us valuable advice. Skiers will slalom on the velvet slope, leaving their waggly signature. A unique experience!

7.50 a.m. - It's time for breakfast! Together with the managers of InAlto Hut, we'll discover the natural products of Val di Fassa and Trentino. An excellent breakfast will also make us appreciate the creativity of chef Alfio Ghezzi.

8.50 a.m. - Full of energies we're ready to descend on all the other slopes of San Pellegrino ski area. Those who reached the resort to enjoy a special sunrise, instead, can return to the village by cable car.
