6.30 a.m. - Meeting point at the valley station of Catinaccio cable car, in Vigo di Fassa. Set your alarm and be there on time, the cable car is making a special ride, just for us!

6.40 a.m. - All on board, let's go! Going up, we can admire the valley, with its illuminated villages, and we'll start to catch sight of the outlines of the peaks surrounding Vigo. The more you ascend, the more fascinating it gets, because we're about to reach the kingdom of roses of a king madly in love!

6.50 a.m. - Here we are! Ciampedie plateau always gives great emotions, whether it's winter or summer... Let's breathe in the fresh morning air and take some time to look around: Vajolet Towers, Sassolungo, Sella and Marmolada, all the Dolomites come alive with the first rays of sunlight. The ski instructors of Vigo's school will show us the summits, explaining their peculiarities and some fun facts.

The new day rising has some romantic notes for lovers, who this #trentinoskisunrise in love is particularly dedicated to.

7.30 a.m. - It's time to put on your skis! Let's hook up the boots, reach the panoramic point of Prà Martin and off we go: the Thöni is all for us! The ski instructors will accompany us and give us valuable advice. Skiers will slalom on the velvet slope, leaving their waggle signature. A unique experience!

7.50 a.m. - Skiers and instructors ascend once again to Ciampedie, with a second exclusive cable car ride. And there's still time to admire the ascent towards the sun-kissed summits.

8.00 a.m. - It's time for breakfast! Together with Baita Checco's chef Matthias Trottnner, we'll discover the natural products of Val di Fassa. A rich breakfast that will make us taste the best local cheeses and cold cuts, but also honey and jams, yoghurt and homemade cakes, fresh milk, eggs, and apples.

From 9.00 a.m. - Like good sportsmen, after a wholesome breakfast, we're ready to descend once again on the Thöni or to try out the other beautiful slopes of Catinaccio ski area. Those who reached the resort to enjoy a special sunrise, instead, can return to the village by cable car.
