Costabella chairlift, Paradiso slope, Moena Dolomiti Ski School, Baita Paradiso

The first rays of sunlight illuminating the Dolomites, the authentic flavours of a 100% Val di Fassa breakfast, the sound of the bindings hooking up, the emotion of the blades cutting through a freshly groomed slope: you'll get to experience all this and leave your mark on the Paradiso!

Programme

5.45 a.m. - Meeting point at the valley station of Costabella chairlift, at Passo San Pellegrino, a few kilometres away from Moena. Set your alarm and be there on time, the lift is making a special ride, just for us!

5.55 a.m. - All on board, let's go! Sitting comfortably, embraced by the crisp air and the stillness of the night that's about to give way to a new day, the whiteness of San Pellegrino's snow-covered expanses is a lighthouse on Dolomites' majestic outlines.

6.15 a.m. - Here we are! All together, with a first taste of descent - or, if you don't ski, with a walk (about 10 minutes) on the side of the slope, leaving your footprints on the white carpet - we'll quickly slide to reach the panoramic terrace of Baita Paradiso. San Pellegrino always gives great emotions, whether it's winter or summer... Let's breathe in the fresh morning air and take some time to look around: Costabella summits, Col Margherita and Focobon, but also Civetta, Pelmo and many others, all the Dolomites come alive with the first rays of sunlight. The ski instructors of Moena's school will show us the summits, explaining their peculiarities and some fun facts.

6.45 a.m. - It's time to put on your skis! Let's hook up the boots and off we go: the Paradiso is all for us! The ski instructors will accompany us and give us valuable advice. Skiers will slalom on the velvet slope, leaving their waggle signature. A unique experience!

7.15 a.m. - It's time for breakfast! Together with the owners of Baita Paradiso, we'll discover the natural products of Val di Fassa. A rich breakfast that will make us taste the best local cheeses and cold cuts, but also honey and jams, yoghurt and homemade cakes, fresh milk, eggs, and apples.

8.15 a.m. - Full of energies we're ready to descend once again, but why going back already? It's better to give yourself a few more hours, if not the whole day, in this Paradise. Those who reached the resort to enjoy a special sunrise, instead, can return to the village by chairlift.
